Price: Check with seller

Gorgeous solid oak, the glass cabinet is beautifully at and all fittings are brass with storage and room for a medium sized HD TV. And then the doors to come over the TV and not in use or solid beautiful oak like the rest of it. Paid just over \$2500 from Levine Furniture. I need it out of here so I know I'll take a huge loss but I need it gone. if I only have to take few hundred for it be it.
